PROFESSIONAL EXPERIENCE

Website Developer

October 2022 - 2024

Grace Empire

- Built a fully responsive, user-friendly interface using HTML, CSS, and JavaScript, ensuring optimal performance across devices.
- Integrated e-commerce features and improved the user journey, resulting in a 40% increase in online sales.
- Worked closely with the design and marketing teams to create visually appealing layouts and effective landing pages.
- Optimized website speed, SEO, and overall performance, boosting organic traffic and customer retention.
- Regularly updated website content, managed plugins, and resolved technical issues to ensure smooth operation.

Website Developer

September 2025 – Present

Be-lan Munch

- Developed and launched a fully responsive website to showcase the restaurant's menu, location, and online ordering system.
- Integrated third-party delivery platforms and a custom online reservation system to improve customer accessibility.
- Improved site speed, SEO, and mobile compatibility, contributing to a 35% increase in online orders and overall sales.
- Implemented customer feedback sections and updated site content regularly.
- Ensured data security and smooth functionality through regular maintenance, bug fixing, and plugin updates.
